Skype: zubko.alexander  
Ukrainian, currently living in Thailand

I am a developer with iOS and React Native expertise and a broad interest in programming and tools.

As a big fan of mobile platform my main desire is to use my knowledge and time to make the best apps possible in a given timeframe.

## RECENT EXPERIENCE

### REACT NATIVE TEAM LEAD MARCH 2018 - PRESENT

*Agiliway, Ukraine*

- Making a configurable framework on top of React Native to be used to make a number of apps which work with CiviCRM backend.
- Leading a team of 2-4 mobile developers.
- Delivered first release in 2 months.
- Maximum code reuse between apps.
- Very easy switch process between apps in a matter of seconds.
- Very easy start for a new developer on the team to understand how to add new features.

### IOS / REACT NATIVE DEVELOPER & TEAM LEAD AUGUST 2011 - PRESENT

*Freelancer*

- Helping clients to finalize requirements, estimating costs.
- Planning and implementing apps' architecture and features from the beginning to the App Store and continuing working and improving the app.
- Fixing and supporting apps started by other developers.
- Providing maximum customer satisfaction. 5/5 stars rating for all jobs.
- Working in a team or solo.
- Biggest iOS native apps: <https://youtu.be/wKwxzpagNo0>  
<https://apple.co/2Cs2LBi>
- Android native app: <http://bit.ly/2HripRq>
- React Native app: <https://apple.co/2Ct61wk>

## SKILLS

- iOS: Objective-C, Swift, Xcode, Instruments (and lots of iOS related technologies like Core Data, Dispatch Queues, Auto Layout etc or working with various 3rd party libraries using CocoaPods)
- React Native: ES5 & ESnext JavaScript, Flow, Redux, Redux Saga, MobX, Interoperation with native code
- Android: Java, basic Kotlin, general Android native development concepts
- Serverless platforms: Parse, Firebase
- Algorithms: trained in school for competitions in Informatics. Winner of regional competition.
- Web: HTML/CSS/JS, React
- General: Git, CI, OOD, FP, DRY, YAGNI

### *Current learning focus:*

- General programming and architecture
- Android native
- Web React and advanced JavaScript
